DOCUMENTS INCORPORATED BY REFERENCE

Portions of the following documents are incorporated by reference herein:

1. The definitive proxy statement relating to the registrant's 2024 Annual Meeting of Shareholders, to be filed within 120 days after the end of the fiscal year covered by this annual report, is incorporated by reference in Part III hereof.

Explanatory Note:

We are filing this Amendment No. 1 on Form 10-K/A ("Amendment No. 1") to our Annual Report on Form 10-K filed with the Securities and Exchange Commission ("SEC") on February 20, 2024 ("Original Form 10-K") solely to correct a clerical error that resulted in incorrect date references contained in Note 3 and Note 6 of the Notes to Financial Statements for LSV Asset Management dated December 31, 2023 and 2022 filed with the Original Form 10-K as Exhibit 99.14. The clerical error does not change and has no effect on any of the financial presentations or information contained in or filed as an exhibit to the Original Form 10-K. The corrected document is filed as Exhibit 99.14 attached hereto.

This Amendment No. 1 does not reflect events occurring after the filing of the Original Form 10-K on February 20, 2024 and no attempt has been made in this Amendment No. 1 to modify or update other disclosures as presented in the Original Form 10-K. Accordingly, this Amendment No. 1 should be read in conjunction with the Original Form 10-K.

Independent Auditors' Report

Management Committee and Partners of
LSV Asset Management:

Opinion

We have audited the financial statements of LSV Asset Management (the Partnership), which comprise the balance sheets as of December 31, 2023 and 2022, and the related statements of operations, changes in partners' capital, and cash flows for each of the years in the three-year period ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Partnership as of December 31, 2023 and 2022, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2023 in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Partnership and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Partnership's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Notes to Financial Statements

Years Ended December 31, 2023, 2022 and 2021

(in thousands of dollars)

1. Background

LSV Asset Management (“LSV” or the “Partnership”), a Delaware general partnership, is a registered investment advisor that provides management services to institutions, including pension plans and investment companies. LSV uses the Quantitative Value Analysis Method and Software to market its investment advisory services. SEI Funds, Inc. (a wholly-owned subsidiary of SEI Investments Company (“SEI”)) owns approximately 39% of the Partnership and the remaining portion, approximately 61% is owned by LSV employees and former employees. The general Partnership Agreement has been amended from time to time to include new partners when they are admitted. The partnership interest of each existing partner is diluted on a pro rata basis when a new partner is admitted.

The business and affairs of LSV are managed under the direction of the Management Committee. The Management Committee consists of the remaining original partners and certain other partners of the Partnership. The voting interest by each partner on the Management Committee differs from their partnership ownership percentage.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

LSV considers investment instruments purchased with an original maturity of three months or less to be cash and cash equivalents. LSV has an investment in a money market mutual fund that is considered a cash equivalent. LSV did not recognize any gains or losses on the investment. The investment is considered a Level 1 asset.

Allowance for Doubtful Accounts

LSV provides an allowance for doubtful accounts equal to the estimated uncollectible amounts. LSV's estimate is based on historical collection experience and a review of the current status of Management fee receivables.

Revenue Recognition and Related Receivables

Management fee receivables on the accompanying Balance Sheets represent receivables earned and billed, as well as earned but unbilled. Unbilled receivables represent services provided but not yet billed. Management fee receivables on the accompanying Balance Sheets consist of the following:

	2023	2022
Management fee receivables	\$ 6,760	\$ 4,960
Unbilled management fee receivables	105,737	97,428
	112,497	102,388
Less: Allowance for doubtful accounts	(30)	(6)
Total management fee receivables	<u>\$ 112,467</u>	<u>\$ 102,382</u>

The Partnership provides its services on a daily basis and the performance obligation for providing its services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by LSV. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received monthly or quarterly and are recognized as revenue at that time as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

As additional consideration for its services noted above, LSV receives fees that vary based on specified performance measures primarily when a fund or separate account exceeds a specified benchmark or

contractual hurdle over a contractual performance period. These fees are earned once account returns have exceeded these specified performance measures and are calculated as a percentage of account returns. These performance fees are considered variable consideration as the uncertainty is dependent on the value of the assets at future points in time as well as meeting a specified compound hurdle rate, both of which are highly susceptible to factors outside the Partnership's influence. Revenues are recognized evenly over the contract period once it is probable that a significant reversal will not occur. LSV believes that ratable recognition over the service period is the appropriate approach for recognizing revenue because the services are substantially the same each day and have the same pattern of transfer. Performance fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

Allocations of Net Income or Net Loss

In accordance with the Partnership Agreement, all partnership net profits or losses are allocated among the partners in accordance with their respective ownership interests at the time the profits are realized. Such allocations are included in the "Partnership Capital" balance on the accompanying Statements of Changes in Partners' Capital.

Partnership Distributions

In accordance with the Partnership Agreement, Partners' distributions are based upon the net quarterly cash flows of the partnership. Such distributions represent reductions of partners' capital and are included in the Statements of Changes in Partners' Capital. Included in Partnership distributions are state taxes paid on certain partners' behalf and which represent a reduction in Partners' Capital.

Guarantees and Indemnifications

In the ordinary course of business, the Partnership from time to time enters into contracts containing indemnification obligations of the Partnership. These obligations may require the Partnership to make payments to another party upon the occurrence of certain events including the failure by the Partnership to meet its performance obligations under the contract. These contractual indemnification provisions are often standard contractual terms of the nature customarily found in the type of contracts entered into by the Partnership. In many cases, there are no stated or notional amounts included in the indemnification provisions. There are no amounts reflected on the accompanying Balance Sheets related to these indemnifications.

Guaranty Agreement with LSV Employee Group IV

In October 2023, a group of existing employees of LSV agreed to purchase a portion of the partnership interest from other current LSV employees for \$11,733, a portion of which was financed through a Credit Agreement with CIBC Bank USA. The group of existing LSV employees formed a new limited liability company called LSV Employee Group IV which owns the partnership interest. LSV agreed to provide an unsecured guaranty for \$10,000 of the obligations of LSV Employee Group IV to the lenders through a separate guaranty agreement. The loan facility guaranteed by LSV has a five year term and will be paid by LSV Employee Group IV from the quarterly distributions of LSV. LSV Employee Group IV made a \$500 payment on the term loans during 2023.

Fixed Assets

Fixed assets consist of the following at December 31:

	2023	2022	Estimated Useful Lives
Equipment	\$ 8,711	\$ 6,186	3 to 5 years
Leasehold improvements	4,591	4,591	Lease Term
Furniture and fixtures	1,605	1,605	5 years
	14,907	12,382	
Less: Accumulated depreciation and amortization	(10,478)	(9,084)	
	<u>\$ 4,429</u>	<u>\$ 3,298</u>	

Fixed assets are recorded at historical cost. Depreciation of fixed assets is computed using the straight-line method over the estimated useful lives. Amortization of leasehold improvements is computed using the straight-line method over the shorter of the remaining lease term or the estimated useful lives of the improvements.

Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

Concentration of Credit Risk

Financial instruments which potentially expose the Partnership to concentrations of credit risk consist primarily of Cash and cash equivalents and Management fee revenue and receivables. Cash and cash equivalents deposits can be maintained with institutions in excess of federally insured limits.

Concentrations of credit risk with respect to our receivables are limited due to the large number of clients and their dispersion across geographic areas. No single group or customer represents greater than 10% of total revenue or Management fee receivables.

Fair Value of Financial Instruments

The Partnership's financial instruments consist primarily of cash and cash equivalents. The book value of Cash and cash equivalents, Management fee receivables and Accrued liabilities is considered to be representative of their fair value because of their short maturities. The recorded value of these financial instruments approximates their fair value at December 31, 2023 and 2022.

The accounting standard for fair value measurements defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The accounting standard also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Leases

LSV determines if an arrangement is a lease at the inception of the contract. LSV's operating leases are included in Operating lease right-of-use (ROU) assets, Current portion of long-term operating lease liabilities, and Long-term operating lease liabilities on the accompanying Consolidated Balance Sheet.

The operating lease ROU assets and operating lease liabilities are recognized based on the present value of future minimum lease payments over the lease term at commencement date. Since LSV's leases do not provide an implicit interest rate, LSV utilizes an estimated incremental borrowing rate based on the information available at commencement date in determining the present value of future payments. Lease expense for minimum lease payments is recognized on a straight-line basis over the lease term.

LSV's leases are for corporate facilities and contain terms for renewal and extension of the lease agreement. The exercise of lease renewal options is generally at LSV's sole discretion. LSV includes the lease extensions when it is reasonably certain the Partnership will exercise the extension. LSV has elected to account for lease and non-lease components separately. Operating lease ROU assets include all contractual lease payments and initial direct costs incurred, less any lease incentives. Facility leases generally only contain lease expense and non-component items such as taxes and pass through charges. Only the lease components are included in the ROU assets and lease liabilities. Additionally, LSV has elected not to apply the recognition requirements of ASC 842 to leases which have a lease term of less than one year at the commencement date.

Income Taxes

Generally, a partnership is not responsible for federal or state income taxes as each partner is liable for income taxes on their respective share of LSV's taxable income. In certain jurisdictions the partnership is responsible for unincorporated business taxes based upon pre-tax income of the partnership. The amount on the income statement reflects amounts incurred to those jurisdictions.

In accordance with the applicable guidance the partnership is required to recognize uncertain tax positions should they arise and adjust these liabilities when management's judgment changes as a result of the evaluation of new information not previously available. The Partnership has no liability for uncertain tax positions as of December 31, 2023 and 2022.

3. Leases

LSV has an operating lease for its facilities. LSV's expense related to leases was \$720 for the years 2023, 2022, and 2021, and is included in Facilities, supplies and other costs on the accompanying Statements of Operations.

LSV's future minimum lease payments under noncancellable leases at December 31, 2023 are as follows:

Year	Future Minimum Lease Payment
2024	\$ 973
2025	997
2026	1,022
2027	259
2028 and thereafter	—
Total future minimum lease payments	3,251
Less: Imputed interest	(200)
Total	\$ 3,051

The following table provides supplemental Balance Sheet information related to LSV's leases at December 31, 2023 and 2022:

	2023	2022
Current portion of long-term operating lease liabilities	\$ 869	\$ 812
Long-term operating lease liabilities	2,182	3,050
Total operating lease liabilities	\$ 3,051	\$ 3,862
Weighted average remaining lease term	3.25	4.25 years
Weighted average discount rate	4.01 %	4.01 %

The following table provides supplemental cash flow information related to LSV's leases:

Year ended December 31,	2023	2022
Cash paid for amounts included in the measurement of lease liabilities	949	926

4. Income Taxes

Generally, no federal or state income taxes are provided for by LSV as each partner is liable for income taxes on their respective share of LSV's taxable income. However, the partnership is responsible for certain business taxes filed in certain jurisdictions. Any timing differences between book and tax are immaterial and thus no deferred balances have been recognized.

LSV's tax return is subject to examination by federal and state taxing authorities. If such examinations result in changes to LSV's taxable income, the tax liability of each partner would change accordingly.

5. Related Party Transactions

Under LSV's Partnership Agreement, SEI Funds, Inc. is responsible for performing various services to support LSV's advisory business. In connection with such services, SEI Funds, Inc. allocates certain of its costs including employee benefits and other general and administrative expenses to LSV. The total allocated costs were \$2,561, \$1,872, and \$2,974 in 2023, 2022, and 2021, respectively. The amounts payable to SEI Funds, Inc. of \$53,909 and \$53,147 at December 31, 2023 and 2022, respectively, are included in Due to SEI Funds, Inc. on the accompanying Balance Sheets. The Due to SEI Funds, Inc. balance is paid on a monthly basis, is non-interest bearing, and includes compensation, benefits and other general and administrative expenses.

LSV is a party to a number of portfolio investment advisory agreements with SEI Investments Management Corporation, SEI Investments Global, Limited, and SEI Investments Canada Company (all wholly-owned subsidiaries of SEI). Under these agreements, LSV receives an annual fee based on the assets under LSV's management in various SEI-sponsored funds. Total fees earned under these agreements were \$15,712, \$18,400 and \$21,356 in 2023, 2022 and 2021, respectively. The Management fee receivables balance under these agreements on the accompanying Balance Sheets included \$1,601 and \$1,713 of such fees at December 31, 2023 and 2022, respectively.

Some LSV partners have investment interests in LSV funds. LSV receives an annual fee based on the assets under LSV's management attributable to the Partners' interest. Total fees earned from LSV partners for their investments in LSV funds were \$3,572, \$3,050, and \$3,106 in 2023, 2022 and 2021, respectively.

Following completion of eligibility requirements, LSV employees are able to participate in the Capital Accumulation Plan (“CAP”), a SEI-sponsored employee benefit plan. CAP is a tax-qualified defined contribution plan which provides retirement benefits, including provisions for early retirement and disability benefits, as well as a tax-deferred savings feature. Participants are vested in employer contributions at the time the contributions are made. All contributions are discretionary and are made from available profits. The employer contribution expense is included in Compensation, benefits and other personnel on the accompanying Statements of Operations. Costs incurred by the Partnership related to the CAP were immaterial in 2023, 2022 and 2021.

6. Accrued Stock-Based Compensation

In March 2009, certain partners (the Contributing Partners) of LSV authorized for designation a portion of their partnership interest for the purpose of providing an interest in LSV to a select group of key employees. The partnership granted portions of the authorized partnership interest to key employees from March 2009 through April 2013. The issuance in April 2013 reflected the remaining amount of the designated partnership interest of the Contributing Partners. At the time partnership interest is granted, rights to receive distributions equal to the full granted percentage transfers to the recipient of the grant. Partnership equity equal to the amount of interest granted is earned over a predetermined vesting period. All profits, losses, distributions and other rights and obligations relating to authorized but undesignated partnership interest remained with the Contributing Partners until such interest was granted. Each issuance must be authorized by unanimous vote of all Contributing Partners. The issuance of an interest in LSV to a key employee provides them an interest in the future profits of LSV. It does not provide them any rights in the management of the partnership or the ability to direct the operations or affairs of LSV. The granted partnership interest is treated as a liability as it is settled in cash and is calculated on projected net income. In 2023, the Partnership repurchased from certain partners their portion of the granted partnership interest for cash consideration for \$3,823. The granted partnership interest redemption liability amounted to \$18,780 and \$21,529 at December 31, 2023 and 2022, respectively, and is included in Accrued compensation on the accompanying Balance Sheets. The associated income or expense recorded as a result of adjusting the granted partnership interest redemption liability to its fair value at 2023, 2022 and 2021, respectively is recorded as Stock based compensation on the accompany Statement of Operations. For the years ended December 31, 2023 and 2021, LSV recognized expense of \$1,074 and \$3,700, respectively, and for the year ended December 31, 2022, LSV recognized income of \$2,986 as a result of the adjustment of the liability to its fair value.

7. Variable Interest Entities - Investment Products

LSV has created investment products for its clients in various types of legal entity structures that may be considered variable interest entities (VIEs). LSV serves as the Manager for these investment products and its clients are the equity investors. LSV does not have an equity investment in any of the VIEs and does not have an obligation to enter into any guarantee agreements with the VIEs. Some of the investment products are limited partnerships which have substantive kick-out rights. LSV is not the primary beneficiary as they lack any equity investment and their fees are paid outside of the fund. Therefore, LSV is not required to consolidate any investment products that are VIEs into its financial statements.

8. Subsequent Events

The Partnership performed an evaluation of subsequent events through February 20, 2024, which is the date the financial statements were made available to be issued.
